Nevada Sunrise Announces Debt Settlement

July 22, 2020, Vancouver, British Columbia - Nevada Sunrise Gold Corporation ("Nevada Sunrise" or the "Company") (TSXV: NEV) announces that it has agreed to settle an aggregate of \$66,149.38 in outstanding payables and debt owing to directors and current and former officers of the Company through the issuance of 529,195 common shares at a deemed price of \$0.125 per share (the "**Debt Settlement**").

Because the shares will be issued to directors and officers of the Company, the Debt Settlement will constitute a "related party transaction" within the meaning of Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions* ("**MI 61-101**"), which is incorporated into Policy 5.9 of the TSX Venture Exchange ("**TSXV**") Corporate Finance Manual.

The board of directors of the Company has determined that neither the value of the shares issued to, nor the aggregate debt settled with respect to, any directors or officers of the Company in connection with the Debt Settlement will exceed 25% of the Company's market capitalization on the date hereof. As a result, the Debt Settlement is exempt from the formal valuation and minority shareholder approval requirements of MI 61-101.

Completion of the Debt Settlement is subject to the approval of the TSXV. Shares issued in connection with the Debt Settlement will be subject to a four-month hold period in accordance with applicable securities laws.
