NEVADA SUNRISE ANNOUNCES \$1.5 MILLION PRIVATE PLACEMENT

VANCOUVER, B.C. (TSX-V: NEV) – NEVADA SUNRISE GOLD CORPORATION (the “Company”) is pleased to announce that it has engaged Primary Capital Inc. (the “Agent”) to complete a private placement, on a commercially reasonable efforts agency basis, of 12,500,000 units (the “Units”) at a price of \$0.12 per Unit (the “Offering”). Each Unit will consist of one common share of the Company (a “Share”) and one half of one common share purchase warrant (a “Warrant”). Each whole Warrant will entitle the holder to purchase an additional common share (a “Warrant Share”) at an exercise price of \$0.20 per Warrant Share for a period of 24 months from the date of issuance. In the event that the Company's common shares trade at a daily volume weighted average price of greater than \$0.32 per share for a period of 20 consecutive trading days at any time after four months and one day after the closing, the Company may accelerate the expiry date of the Warrants by giving notice to the holders thereof and in such case the Warrants will expire on the 30th day after the date on which such notice is given by the Company.

The Agent has also been granted the option, exercisable prior to the closing of the Offering, to allot and sell up to an additional 4,200,000 Units at the issue price of \$0.12 per Unit for additional gross proceeds of up to approximately \$500,000 (the “Over-Allotment Option”).

In consideration for the services provided by the Agent, the Company will issue to the Agent such number of Units as is equal to 10% of the number of Units sold pursuant to the Offering, including Units sold upon exercise of the Over-Allotment Option.

All securities issued in the Offering are subject to a four-month hold period, during which time the securities may not be traded. The securities described herein have not been registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States unless registered under the Act or unless an exemption from registration is available.

Proceeds from the Offering will be used to fund the exploration of the Company's North-American precious metals properties and as general working capital.
