Shareholders who do wish to attend the Meeting in person, should carefully consider and follow the instructions of the federal Public Health Agency of Canada: (<https://www.canada.ca/en/public-health/services/diseases/coronavirus-disease-covid-19.html>). In the event of any changes to the Meeting format due to the COVID-19 outbreak, the Company will not prepare or mail amended Meeting Proxy Materials.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers, regular employees of the Company and the Company may retain the services of a proxy solicitation agent to assist in the solicitation of proxies. The Company will bear all costs of this solicitation. We have arranged for intermediaries to forward the meeting materials to beneficial owners of the Common Shares held of record by those intermediaries and we may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Appointment of Proxyholders

With the current OCOVID-19 outbreak and related restrictions on travel and public gatherings, the Company recommends that Shareholders use the procedures available to appoint a proxyholder ensure their votes are cast and limit attendance at the Meeting. The individuals named in the accompanying form of proxy (the “Proxy”) are officers and/or directors of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors,
- (b) any amendment to or variation of any matter identified therein, and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the management appointee acting as a proxyholder will vote in favour of each matter identified on the Proxy and, if applicable, for the nominees of management for directors and auditors as identified in the Proxy.

Registered Shareholders

Registered Shareholders may wish to vote by proxy whether or not they are able to attend the Meeting in person. Registered Shareholders electing to submit a proxy may do so by:

- (d) completing, dating and signing the enclosed form of proxy and returning it to the Company’s transfer agent, Computershare Trust Company of Canada (“Computershare”), by fax within North America at 1-866-249-7775, outside North America at (416) 263-9524, or by mail to the 9th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 or by hand delivery at 3rd Floor, 510 Burrard Street, Vancouver, British Columbia, Canada V6C 3B9;

- (e) using a touch-tone phone to transmit voting choices to a toll-free number. Registered shareholders must follow the instructions of the voice response system and refer to the enclosed proxy form for the toll-free number, the holder's account number and the proxy access number; or
- (f) using the internet through Computershare's website at www.investorvote.com Registered Shareholders must follow the instructions that appear on the screen and refer to the enclosed proxy form for the holder's account number and the proxy access number;

in all cases ensuring that the proxy is received at least 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or the adjournment thereof at which the proxy is to be used.

Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold Common Shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Company as the registered holders of Common Shares) or as set out in the following disclosure.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Company. Such Common Shares will more likely be registered under the names of intermediaries. In the United States, the vast majority of such Common Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of meetings of shareholders. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

There are two kinds of Beneficial Shareholders - those who object to their name being made known to the issuers of securities which they own (called "**OBOs**" for Objecting Beneficial Owners) and those who do not object to the issuers of the securities they own knowing who they are (called "**NOBOs**" for Non-Objecting Beneficial Owners).

The Company is taking advantage of the provisions of National Instrument 54-101 "*Communication with Beneficial Owners of Securities of a Reporting Issuer*" of the Canadian Securities Administrators which permits the Company to deliver proxy-related materials directly to its NOBOs. As a result, NOBOs can expect to receive a scannable Voting Instruction Form ("**VIF**") from our transfer agent, Computershare. The VIF is to be completed and returned to Computershare as set out in the instructions provided on the VIF. Computershare will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by the VIFs they receive.

These securityholder materials are being sent to both registered and non-registered owners of the securities of the Company. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of securities, were obtained in accordance with applicable securities regulatory requirements from the intermediary holding securities on your behalf.

By choosing to send these materials to you directly, the Company (and not the intermediary holding securities on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii)

executing your proper voting instructions. Please return your VIF as specified in the request for voting instructions that was sent to you.

Beneficial Shareholders who are OBOs should follow the instructions of their intermediary carefully to ensure that their Common Shares are voted at the Meeting.

The form of proxy supplied to you by your broker will be similar to the proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote your Common Shares on your behalf. Most brokers delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”) in the United States and in Canada. Broadridge mails a VIF in lieu of a proxy provided by the Company. The VIF will name the same persons as the Company’s Proxy to represent your Common Shares at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Company), other than any of the persons designated in the VIF, to represent your Common Shares at the Meeting and that person may be you. To exercise this right, insert the name of the desired representative (which may be you) in the blank space provided in the VIF. The completed VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge’s instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting and the appointment of any shareholder’s representative. **If you receive a VIF from Broadridge, the VIF must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have your Common Shares voted or to have an alternate representative duly appointed to attend the Meeting and vote your Common Shares at the Meeting.**

Notice to Shareholders in the United States

The solicitation of proxies involves securities of an issuer located in Canada and is being effected in accordance with the corporate laws of the Province of British Columbia, Canada and securities laws of the provinces of Canada. The proxy solicitation rules under the United States Securities Exchange Act of 1934, as amended, are not applicable to the Company or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the provinces of Canada. Shareholders should be aware that disclosure requirements under the securities laws of the provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by Shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Company is incorporated under the *Business Corporations Act (British Columbia)*, as amended, certain of its directors and its executive officers are residents of Canada and a substantial portion of its assets and the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a registered shareholder who has given a proxy may revoke it by:

- (a) executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or the registered shareholder’s authorized attorney in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to Computershare Investor Services Inc. or at the address of the registered office of the Company at 1500 Royal Centre, 1055 West Georgia Street, P.O. - (b) personally attending the Meeting and voting the registered shareholder's Common Shares.

A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

NI 52-110 provides that the Audit Committee must pre-approve all non-audit services to be provided by the Company's auditor. Section 2.4 provides an exemption from this requirement where the total amount of fees related to the non-audit services are not expected to exceed 5% of the total fees payable to the auditor in the fiscal year in which the non-audit services were provided. Section 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

No specific policies or procedures have been adopted with respect to the provision of non-audit services by the Company's external auditor although, under the Company's Audit Committee Charter, such services are required to be approved by the Audit Committee.

Fees incurred with Davidson & Company LLP for audit services in the last two fiscal years are outlined in the following table:

CORPORATE GOVERNANCE

General

Corporate governance refers to the policies and structure of the board of directors of a company whose members are elected by and are accountable to the shareholders of such company. Corporate governance encourages establishing a reasonable degree of independence of the board of directors from executive management and the adoption of policies to ensure the board of directors recognizes the principles of good management. The Board is committed to sound corporate governance practices, as such practices are both in the interests of shareholders and help to contribute to effective and efficient decision-making.

Board of Directors

Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A “material relationship” is a relationship which could, in the view of the Company’s Board, be reasonably expected to interfere with the exercise of a director’s independent judgment.

The Board facilitates its independent supervision over management through communication with its Chief Executive Officer. The Board is responsible for establishing performance criteria and compensation for the Chief Executive Officer. In addition, the Board is responsible for the stock option plan including any modifications to the plan and any option grants. The audit committee meets at least annually with the external auditors and Chief Financial Officer to review and approve the financial statements.

The current independent members of the Board are Suraj Ahuja and Charles E. Roy. Cory H. Kent is not independent as he is a partner at the firm of lawyers that acts as the Company’s legal counsel. Warren Stanyer is not independent as he is President and Chief Executive Officer of the Company. Michael D. Sweatman is not considered to be independent, as he was the President and Chief Executive Officer of Eureka, a company for which Warren Stanyer has, within the previous three years, served on the compensation committee.

Directorships

The directors are currently serving on boards of the following other reporting companies (or equivalent) as set out below:

Name of Director	Name of Reporting Issuer	Exchange Listed
Warren Stanyer	ALX Resources Corp.	TSXV
Suraj Ahuja	UEX Corporation	TSX
Cory H. Kent	Starcore International Mines Ltd.	TSX
Michael D. Sweatman	Marifil Mines Limited	TSXV
	Muhco Cobre Resources Ltd.	Reporting but not yet listed

Orientation and Continuing Education

When new directors are appointed, they receive an orientation, commensurate with their previous experience, on the Company's properties, business, technology and industry and on the responsibilities of directors.

Board meetings may also include presentations by the Company's management and employees to give the directors additional insight into the Company's business. The Company has not taken any additional measures to provide continuing education for directors.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual directors' participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Nomination of Directors

The Board considers its size each year when it considers the number of directors to recommend to the shareholders for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience.

The Board does not have a nominating committee, and these functions are currently performed by the Board as a whole.

Compensation

The Company has a compensation committee currently consisting of Cory Kent, Charles E. Roy, and Suraj Ahuja. The compensation committee determines compensation for the directors and the Chief Executive Officer.

Other Board Committees

The Board has no other committees other than the audit committee and the compensation committee.

Assessments

The Board is relatively small and direct communication between directors and officers is encouraged. The Board has not taken any additional measures to assess the effectiveness of the Board.

STATEMENT OF EXECUTIVE COMPENSATION

Named Executive Officer

In this section, "Named Executive Officer" ("NEO") means each of the following individuals:

- (a) a Chief Executive Officer ("CEO");
- (b) a Chief Financial Officer ("CFO");

- (c) each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and
- (d) each individual who would be a NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the company, nor acting in a similar capacity, at September 30, 2019.

Warren Stanyer, President and CEO, and Brent Petterson, CFO, are each an NEO of the Company for the purposes of the following disclosure.

The following disclosure sets out the compensation that the Board intended to pay, make payable, award, grant, give or otherwise provide to each NEO and director for the financial year ended September 30, 2019.

Compensation and Discussion Analysis

The compensation committee does not have a formal process for reviewing compensation of the directors and senior officers, and reviews of compensation are conducted on a periodic basis.

The compensation committee deals with executive compensation matters. The compensation committee regularly considers the implications of the risks associated with the Company's compensation program and how it might mitigate those risks. The Company does not currently believe there are any risks arising from compensation policies and practices that are reasonably likely to have an adverse effect on the Company.

The Company did not retain any compensation consultants during the financial year ended September 30, 2019.

The Company's compensation programs are designed to recognize and reward executive performance consistent with the success of the Company's business. These policies and programs are intended to attract and retain capable and experienced people. The philosophy of the Board and the compensation committee is to ensure that the Company's compensation goals and objectives, as applied to the actual compensation paid to the Company's CEO and other executive officers, are aligned with the Company's overall business objectives and with shareholder interests.

The compensation committee considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long-range interests of the Company and its shareholders, overall financial and operating performance of the Company and the compensation committee's assessment of each executive's individual performance and contribution toward meeting corporate objectives.

Report on Executive Compensation

The compensation committee assumes responsibility for reviewing and monitoring the long-range compensation strategy for the senior management of the Company. The compensation committee determines the type and amount of compensation for the President and CEO. The compensation committee also reviews the compensation of the Company's senior executives.

Philosophy and Objectives

The compensation program for the senior management of the Company is designed to ensure that the level and form of compensation achieves certain objectives, including:

- (a) attracting and retaining qualified executives;

- (b) motivating the short and long-term performance of these executives; and
- (c) better aligning their interests with those of the Company's shareholders.

In compensating its senior management, the Company employs a combination of salary and equity participation through its share option plan.

Elements of the Compensation Program for the Fiscal Year 2019

The significant elements of compensation awarded during the financial year ended September 30, 2019 to the NEOs was paid in cash. The Company does not presently have a long-term incentive plan for its NEOs. There is no policy or target regarding allocation between cash and non-cash elements of the Company's compensation program. The compensation committee reviews periodically the total compensation package of each of the Company's executive officers on an individual basis, and makes recommendations for the individual components of its compensation.

Cash Salary

As a general rule, the Company seeks to offer its NEOs a compensation package that is in line with that offered by other companies in our industry, and as an immediate means of rewarding the NEO for efforts expended on behalf of the Company.

Equity Participation

The Company believes that encouraging its executives and employees to become shareholders is the best way of aligning their interests with those of its shareholders. Equity participation is accomplished through the Company's share option plan. Options to purchase Common Shares are granted to senior executives taking into account a number of factors, including the amount and term of options previously granted, base salary and bonuses and competitive factors. Options that vest on terms established by the Board are generally granted to senior executives of the Company.

Option-Based Awards

The Company has in place a share option plan dated for reference January 9, 2008, as amended August 22, 2011 and October 8, 2014 (the "**Plan**"). The Plan has been established to provide incentive to qualified parties to increase their proprietary interest in the Company and thereby encourage their continuing association with the Company. The Plan is administered by the Board. The Plan provides that options will be issued pursuant to option agreements to directors, officers, employees or consultants of the Company or a subsidiary of the Company. All options expire on a date not later than 10 years after the issuance of such option. Previous grants of option-based awards are taken into account when considering new grants of options. Subject to the requirements of the policies of the TSXV and the prior receipt of any necessary regulatory approval, the Board may, in its absolute discretion, amend or modify the Plan or any outstanding option granted under the Plan, as to the provisions set out in the Plan. There are currently options outstanding to purchase an aggregate of 3,835,000 Common Shares.

The Plan is also intended to emphasize management's commitment to the growth of the Company and the enhancements of shareholders' equity through, for example, improvements in its resource base and share price increments.

The Company relies on discussions of the Board without any formal objectives in granting options, other than management's consideration of the NEO's duties and responsibilities, the NEO's execution of such duties, and the impact of stock options on the total compensation package as envisioned by the Board for each of the NEOs. In view of the current situation wherein the Company is not in a position to pay cash

salaries commensurate with the NEO's positions in comparison with industry standards, the Board generally relies on stock options to design an equitable compensation package.

Given the evolving nature of the Company's business, the Board continues to review and redesign the overall compensation plan for senior management so as to continue to address the objectives identified above.

At least annually, the Board reviews the grant of stock options to management and employees. The Board approves base salaries and stock options at the same time to facilitate consideration of target direct compensation to executive officers. Additional options may be granted as options are replenished within the Plan. Options are granted at other times of the year to individuals commencing employment with the Company. The exercise price for the options is set in accordance with the policies of the TSXV.

Perquisites and Other Personal Benefits

The Company's NEOs are not generally entitled to significant perquisites or other personal benefits not offered other employees to the Company.

Vesting of Options

3.6 Subject to §3.7, vesting of Options shall be established at the time of grant and in the discretion of the Board, and will generally be subject to:

- (a) the Service Provider remaining employed by or continuing to provide services to the Company or any of its Affiliates as well as, at the discretion of the Board, achieving certain milestones which may be defined by the Board from time to time or receiving a satisfactory performance review by the Company or any of its Affiliates during the vesting period; or
- (b) the Service Provider remaining as a Director of the Company or any of its Affiliates during the vesting period.

Vesting of Options Granted to Consultants Conducting Investor Relations Activities

3.7 Notwithstanding §3.6, Options granted to Consultants conducting Investor Relations Activities will vest:

- (a) over a period of not less than 12 months as to 25% on the date that is three months from the date of grant, and a further 25% on each successive date that is three months from the date of the previous vesting; or
- (b) such longer vesting period as the Board may determine.

Effect of Take Over Bid

3.8 If a Take Over Bid is made to the shareholders generally then the Company shall, immediately upon receipt of notice of the Take Over Bid, notify each Optionee currently holding an Option of the Take Over Bid, with full particulars thereof whereupon such Option may, notwithstanding Sections 3.6 and 3.7 or any vesting requirements set out in any Option Commitment, be immediately exercised in whole or in part by the Optionee, subject to approval of the TSX Venture (or the NEX, as the case maybe) for vesting requirements imposed by the TSX Venture Policies.

Extension of Options Expiring During Blackout Period

3.9 Should the Expiry Date for an Option fall within a Blackout Period, or within nine (9) Business Days following the expiration of a Blackout Period, such Expiry Date shall be automatically extended without any further act or formality to that day which is the tenth (10th) Business Day after the end of the Blackout Period, such tenth Business Day to be considered the Expiry Date for such Option for all purposes under the Plan. Notwithstanding Section 2.8, the tenth Business Day period referred to in this Section 4.3 may not be extended by the Board.

Optionee Ceasing to be Director, Employee or Service Provider

3.10 No Option may be exercised after the Service Provider has left his employ/office or has been advised by the Company that his services are no longer required or his service contract has expired, except as follows:

- (a) in the case of the death of an Optionee, any vested Option held by him at the date of death will become exercisable by the Optionee's lawful personal representatives, heirs or executors until the earlier of one year after the date of death of such Optionee and the date of expiration of the term otherwise applicable to such Option;
- (b) in the case of a Tier 1 Issuer, an Option granted to any Service Provider will expire within 90 days after the date the Optionee ceases to be employed by or provide services to the Company, but only to the extent that such Option has vested at the date the Optionee ceased to be so employed by or to provide services to the Company;
- (c) in the case of a Tier 2 Issuer, Options granted to a Service Provider conducting Investor Relations Activities will expire within 30 days of the date the Optionee ceases to conduct such activities, but only to the extent that such Option has vested at the date the Optionee ceased to conduct such activities;
- (d) in the case of a Tier 2 Issuer, any Option granted to an Optionee other than one conducting Investor Relations Activities will expire within 90 days after the Optionee ceases to be employed by or provide services to the Company, but only to the extent that such Option has vested at the date the Optionee ceased to be so employed by or to provide services to the Company; and
- (e) in the case of an Optionee being dismissed from employment or service for cause, such Optionee's Options, whether or not vested at the date of dismissal will immediately terminate without right to exercise same.

Non-Assignable

3.11 Subject to §4.1 all Options will be exercisable only by the Optionee to whom they are granted and will not be assignable or transferable.

Adjustment of the Number of Optioned Shares

3.12 The number of Common Shares subject to an Option will be subject to adjustment in the events and in the manner following:

- (a) in the event of a subdivision of Common Shares as constituted on the date hereof, at any time while an Option is in effect, into a greater number of Common Shares, the Company will thereafter deliver at the time of purchase of Optioned Shares hereunder, in addition to the number of Optioned Shares in respect of which the right to purchase is then being exercised, such additional number of Common Shares as result from the subdivision without an Optionee making any additional payment or giving any other consideration therefor;
- (b) in the event of a consolidation of the Common Shares as constituted on the date hereof, at any time while an Option is in effect, into a lesser number of Common Shares, the Company will thereafter deliver and an Optionee will accept, at the time of purchase of Optioned Shares hereunder, in lieu of the number of Optioned Shares in respect of which the right to purchase is then being exercised, the lesser number of Common Shares as result from the consolidation;

(c) in the event of any change of the Common Shares as constituted on the date hereof, at any time while an Option is in effect, the Company will thereafter deliver at the time of purchase of Optioned Shares hereunder the number of shares of the appropriate class resulting from the said change as an Optionee would have been entitled to receive in respect of the number of Common Shares so purchased had the right to purchase been exercised before such change;

(d) in the event of a capital reorganization, reclassification or change of outstanding equity shares (other than a change in the par value thereof) of the Company, a consolidation, merger or amalgamation of the Company with or into any other company or a sale of the property of the Company as or substantially as an entirety at any time while an Option is in effect, an Optionee will thereafter have the right to purchase and receive, in lieu of the Optioned Shares immediately theretofore purchasable and receivable upon the exercise of the Option, the kind and amount of shares and other securities and property receivable upon such capital reorganization, reclassification, change, consolidation, merger, amalgamation or sale which the holder of a number of Common Shares equal to the number of Optioned Shares immediately theretofore purchasable and receivable upon the exercise of the Option would have received as a result thereof. The subdivision or consolidation of Common Shares at any time outstanding (whether with or without par value) will not be deemed to be a capital reorganization or a reclassification of the capital of the Company for the purposes of this §4.3.;

(e) an adjustment will take effect at the time of the event giving rise to the adjustment, and the adjustments provided for in this section are cumulative;

(f) the Company will not be required to issue fractional shares in satisfaction of its obligations hereunder. Any fractional interest in a Common Share that would, except for the provisions of this §4.3, be deliverable upon the exercise of an Option will be cancelled and not be deliverable by the Company; and

(g) if any questions arise at any time with respect to the Exercise Price or number of Optioned Shares deliverable upon exercise of an Option in any of the events set out in this §4.3, such questions will be conclusively determined by the Company's auditors, or, if they decline to so act, any other firm of Chartered Accountants, in Vancouver, British Columbia (or in the city of the Company's principal executive office) that the Company may designate and who will be granted access to all appropriate records. Such determination will be binding upon the Company and all Optionees.

ARTICLE 4 COMMITMENT AND EXERCISE PROCEDURES

Option Commitment

4.1 Upon grant of an Option hereunder, an authorized officer of the Company will deliver to the Optionee an Option Commitment detailing the terms of such Options and upon such delivery the Optionee will be subject to the Plan and have the right to purchase the Optioned Shares at the Exercise Price set out therein subject to the terms and conditions hereof, including any additional requirements contemplated with respect to the payment of required withholding taxes on behalf of Optionees.

Manner of Exercise

- 4.2 An Optionee who wishes to exercise his Option may do so by delivering
- (a) a written notice to the Company specifying the number of Optioned Shares being acquired pursuant to the Option; and
 - (b) a certified cheque, wire transfer or bank draft payable to the Company for the aggregate Exercise Price by the Optioned Shares being acquired, plus any required withholding tax amount subject to §4.3.

Tax Withholding and Procedures

4.3 Notwithstanding anything else contained in this Plan, the Company may, from time to time, implement such procedures and conditions as it determines appropriate with respect to the withholding and remittance of taxes imposed under applicable law, or the funding of related amounts for which liability may arise under such applicable law. Without limiting the generality of the foregoing, an Optionee who wishes to exercise an Option must, in addition to following the procedures set out in §4.2 and elsewhere in this Plan, and as a condition of exercise:

- (a) deliver a certified cheque, wire transfer or bank draft payable to the Company for the amount determined by the Company to be the appropriate amount on account of such taxes or related amounts; or
 - (b) otherwise ensure, in a manner acceptable to the Company (if at all) in its sole and unfettered discretion, that the amount will be securely funded;
- and must in all other respects follow any related procedures and conditions imposed by the Company.

Delivery of Certificate and Hold Periods

4.4 As soon as practicable after receipt of the notice of exercise described in §4.2 and payment in full for the Optioned Shares being acquired, the Company will direct its transfer agent to issue a certificate to the Optionee for the appropriate number of Optioned Shares. Such certificate issued will bear a legend stipulating any resale restrictions required under applicable securities laws. Further, if the Company is a Tier 2 Issuer or the Exercise Price is less than the then current market price of the Common Shares on the TSX Venture, the certificate will also bear a legend stipulating that the Optioned Shares are subject to a four-month TSX Venture hold period commencing the date of the grant of the Option.

ARTICLE 5 GENERAL

Employment and Services

5.1 Nothing contained in the Plan will confer upon or imply in favour of any Optionee any right with respect to office, employment or provision of services with the Company, or interfere in any way with the right of the Company to lawfully terminate the Optionee's office, employment or service at any time pursuant to the arrangements pertaining to same. Participation in the Plan by an Optionee is voluntary.

No Representation or Warranty

5.2 The Company makes no representation or warranty as to the future market value of Common Shares issued in accordance with the provisions of the Plan or to the effect of the *Income Tax Act*

(Canada) or any other taxing statute governing the Options or the Common Shares issuable thereunder or the tax consequences to a Service Provider. Compliance with applicable securities laws as to the disclosure and resale obligations of each Participant is the responsibility of each Participant and not the Company.

Interpretation

5.3 The Plan will be governed and construed in accordance with the laws of the Province of British Columbia.

Continuation of Plan

5.4 The Plan will become effective from and after January 9, 2008, and will remain effective provided that the Plan or any amended version thereof receives Shareholder Approval at each annual general meeting of the holders of Common Shares of the Company subsequent to January 9, 2008.
